

Sales list RSH POLYMERE:		Date of publication: 05.07.2024
Number	Material description	Main properties
1	ABS rCompound black injection grade with good surface quality	MFR 13; Charpy 23° = 10
2	ABS rCompound mixed color or grey injection grade with average surface quality	MFR 10; Charpy 23° = 10
3		
4	HDPE Recycled pellets black blow molding grade with EVOH	MFR 1.15-1.30 (190°/5kg)//Density 970 - 981
5	HDPE Recycled pellets black pipe grade with PP content and average surface quality	MFR 0.5 - 1.0
6	HDPE Recycled pellets grey blow molding grade with low EVOH	MFR 0.63 - 0.95 (190°/5kg); Density 950 - 964
7	HDPE Regrind grey from blow molding with EVOH content	MFR 1.70 - 2.11 (190°/5kg)
8	HDPE Regrind mixed color/black from pipe extrusion and blow molding (post industrial and dismantling)	MFR 0.22 - 1.21 (190°/5kg)
9	LDPE Recycled pellets transparent film grade with EVOH content	MFR 0.5 - 1.0
10	LDPE Recycled pellets whitish with low PP and HDPE content	MFR about 0.7 - 2.0
12	PP Random Recycled pellets transparent extrusion grade	MFR 2 - 3
13	PP Recycled pellets transparent injection grade high impact	MFR 4 - 6; Charpy notched 23° = 60
